

Russia and Belarus No-Ship Statement

In response to Russia's continued military actions in Ukraine, the US Department of Commerce's Bureau of Industry and Security (BIS) has enacted expanded sanctions and enhanced export control measures targeting Russia, Belarus, and Russian-claimed territories pursuant to the U.S. Export Administration Regulations (EAR).

Pursuant to applicable US export control laws and sanctions regulations, Flip Electronics maintains a strict and continuing prohibition on the shipment, export, re-export, or transfer of any products, software, technology, or services to Russia, Belarus, Russian-claimed territories, or to any entity or individual that is owned or beneficially owned, directly or indirectly, by Russian persons or entities.

This no-shipment policy remains in effect until further notice and applies to all transactions, orders, quotations, contracts, and other business activities involving these jurisdictions or parties.
